

Fernando Pessoa

What is the existent?

What is the existent? That which has come from the possible. But then the existent is the not-real, the not-being.

But then if matter (in the widest sense), if the existent, the actual be the not-being, the possible is Being. (Prove next that Being is equal to not-being.)

Genesis of matter.

Genesis of the actual.

Chapters (Division of):

I. What is the problem of philosophy, or what are the problems of Philosophy.

II. Method of Ontology.

III. Critique of Knowledge.

IV. Critique of Materialism.
